

Remarks

Applicants have redrafted all the claims to take out any multiple dependencies in claims 10-38 and 42-45 as requested by the Examiner. These claims were in European format, reflecting the origin of the application. Applicants have also amended the other claims to convert them from European patent claims to U.S. format patent claims. No change in the scope of the claims is intended or should be inferred by this administrative change.

Allowance of the claims is respectfully requested.

Respectfully Submitted,
